

THE TAP FACTORY

RRP inclusive of VAT

Denotes products finished and assembled in the UK

ABOUT US

Sourcing

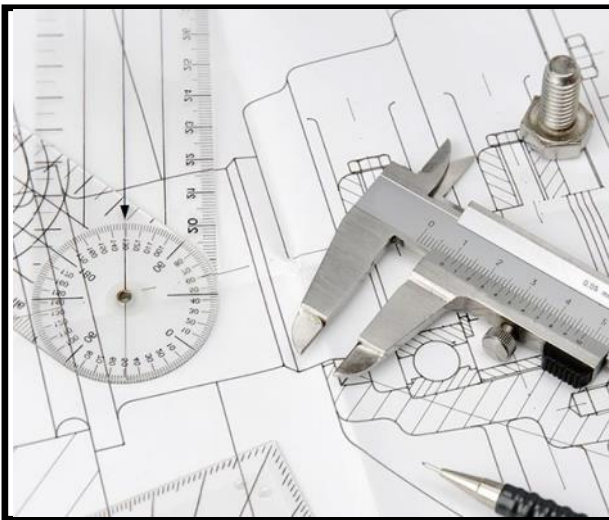

At The Tap Factory, we travel the world sourcing the best quality products, and partnering with world class manufacturers to innovate and bring you Intoxicating products and designs. We believe that value and design should not be separated and can be best achieved by knowing your market. Our Team has over 40 years experience that helps us to deliver this objective.

Stocking

Stock is an essential part of our offering and service.

We endeavour to hold all items in stock at all times. We understand the short lead times and demands that our clients require and so we make every effort to fulfil those requirements through our generous stock holding.

Design

Design is probably the most important part of completing any kitchen or bathroom concept.

At The Tap Factory we not only source great products but we work hard to create unique products with our partner factories to ensure you can have cutting edge designs with a splash of colour .

Bespoke Plating

We offer a plating service so that you can co ordinate other items within your project. Our 14 day plating service is POA and we can re-colour cistern plates, seat hinges, cabinet knobs etc in a variety of electroplated finishes., Rose Copper, Brushed Nickel, Bright Nickel, Brushed Gold , Gold, Black ***Finished colours may vary as they will be plated onto different surfaces and are less hardwearing than chrome.***

Our Guarantee

Our guarantee covers all of our products and covers any defects relating to manufacture. Warranty is product specific and ranges from 1-10 years

It is important that you **do not** clean products with solvent based cleaners as this could attack the fabric of the products. Our guarantee is non transferable and does not cover damage incurred through misuse or erroneous installation .

Special finishes: Vanto Black, Copper and Nickel plating carry a 1 year warranty.

A complete copy of our guarantee can be obtained on request.

All images are the intellectual property right of The Tap Factory Ltd and are copyright protected and must not be used without permission .

ARTISAN CREATED

100% HANDMADE COPPER BATHS

Dating back to the early 1700s a tradition of hand crafting copper into beautiful products is a skill that still exists today. These baths are created in exactly the same way.

Talented coppersmiths cut, shape, hammer out and polish the copper tubs. Each bath is as unique as your finger print .

Copper Baths have tremendous heat retaining qualities and are the epitome of absolute luxury. Natural copper is a soft material which scratches easily but should be embraced as it's character will develop. Slight colour variations and subtle undulations are all part of owning a hand crafted product. This is the ideal product for those with a keen eye for authentically imperfect bespoke pieces.

Each bath is made from pure mineral copper and is 16 gauge thick and weighs approximately 55Kgs. The copper exterior is lacquered to help protect the shine for years to come.

CARING FOR YOUR COPPER BATH TUB:

As the baths are lacquer finished, cleaning the bath with a soft cloth and soapy water is all that is required. Abrasive or acid based cleaners should never be used . Please check that bathing oils are suitable, lemon is a definite no for copper products. Drying the bath after use will prevent water marks from forming and keep that pristine shine.

CUSTOMISE YOUR BATH

Copper Baths are individually hand made and as so we can offer a bespoke and personalised service that offers you the opportunity to choose the size and style along with many colour combinations that Vibrance Vogue Baths can be hand crafted in. Baths are also available in complete copper and complete Brass.

A custom paint service is also available. See page 33

The bespoke service is on a 10-12 week turnaround and the bath must be paid for in full at point of ordering and is non-refundable unless there is a genuine manufacturing fault on arrival.

VIBRANCE VOGUE: COPPER BATH & NICKEL PLATED BATHING AREA

1650 x 750mm Hand crafted Copper and Nickel bath tub. These baths are as individual as a finger print, no two baths are the same. Hammered into shape in the same way for over 300 years. This Artisan tradition still exists today and we celebrate this with our range of opulent, hand crafted, copper bath tubs. All tubs are 100% natural 16 gauge copper.

Baths have a waste hole but do not have an overflow. As an option this can be drilled onsite by the installer depending on individual requirements.

CUSTOM SERVICE

Baths can be produced in any size or colour for bespoke projects. They can be all copper, all brass, a mixture of nickel outer and copper bathing area in a size and style to suit you. *Non refundable payment in full and a 12 week delivery but anything is possible, Test the limits of your imagination. Custom paint service see page 33*

TFCOPBATH-NK

RRP £4500

1650mm x 750mm Copper & Nickel Bath Tub

Excluding waste.

Taps and wastes see page 34

VIBRANCE VOGUE: COPPER BATH COMPLETELY NICKEL PLATED

1650 x 750mm hand crafted Copper tub Electroplated in Nickel.

These baths are as individual as a finger print, no two baths are the same. Hammered into shape in the same way for over 300 years. This Artisan tradition still exists today and we celebrate this with our range of opulent hand crafted, copper bath tubs. All tubs are 100% natural ,16 gauge copper. This bath benefits from Bright Nickel plating over it's copper body.

Baths have a waste hole but do not have an overflow. As an option this can be drilled on site by the installer depending on individual requirements.

IMPORTANT

Artisan handcrafted baths may have small undulations and subtle colour variations, this is a natural occurrence when working with natural products like copper. The colour may change over time however cleaning with soapy water and a soft cloth will keep your bath in pristine condition. **Do not** use abrasive or chemical based cleaners.

TFNIKBATH-NK

RRP £4500

1650mm x 750mm Nickel Plated Over Copper Bath Tub

VIBRANCE VOGUE: INGOT FREE STANDING BATH

Ingot 1700mm x 750mm One piece, sanitary grade, acrylic free standing bath tubs.

Acrylics ability to maintain room temperature enhances your bathing experience.

Baths have a stainless steel frame that is enveloped in an acrylic shell and reinforced with back spray to add strength. These baths weigh approximately 69 kgs and come pre-fitted with a click waste and overflow in chrome.

TFFSB4

RRP £1499

1700mm x 750mm

Includes Chrome Waste *Taps and wastes see page 41*

VIBRANCE VOGUE: SCOOP FREE STANDING BATH

Scoop 1500mm x 720mm One piece acrylic free standing bath tubs.

Acrylics ability to maintain room temperature enhances your bathing experience . Baths have a stainless steel frame that is enveloped in an acrylic shell and reinforced with back spray to add strength. These baths weigh approximately 55kgs and come pre fitted with a click waste in chrome. Please note this bath does not have an overflow and is reversable to suit your particular preference.

TFFSB5

RRP £1399

1500mm x 720mm

Includes Chrome Waste * No Overflow

Taps and Wastes see page 41

VIBRANCE VOGUE: INDIGO FREE STANDING BATH

Indigo 1500mm x 700mm One piece acrylic free standing bath tubs.

Acrylic has the ability to maintain room temperature and enhances your bathing experience. These baths have a stainless steel frame that is enveloped in an acrylic shell and re enforced with back spray to add strength. These baths weigh approximately 59 kgs and come pre fitted with a click waste and overflow in chrome.

The Indigo bath is the perfect design and size to replace a standard bath in any bathroom whilst retaining and improving the same internal bathing space.

TFFSB2

RRP £1299

1500mm x 700mm

Includes Chrome Waste *Taps and wastes see page 41*

VIBRANCE VOGUE: SPHERA FREE STANDING BATH

Sphera 1700mm x 800mm One piece acrylic free standing bath tubs.

These baths have a stainless steel frame that is enveloped in an acrylic shell and reinforced with back spray to add strength. Baths weigh approximately 65kgs and come pre-fitted with a click waste and overflow decal in chrome.

The generous bathing area of the Sphera bath make this one of our most popular choices.

TFFSB6

RRP £1499

1700mm x 800mm

Includes Chrome Waste *Taps and wastes see page 41*

VIBRANCE VOGUE: FLUME FREE STANDING BATH

Flume 1800mm x 850mm One piece acrylic free standing bath tubs.

Acrylic has the ability to maintain room temperature and this enhances your bathing experience. These baths have a stainless steel frame that is enveloped in an acrylic shell and reinforced with back spray to add strength. Baths weigh approximately 69kgs and come pre-fitted with a click waste and overflow in chrome.

The Flume bath is the perfect design for the larger bathroom and the generous bathing space could accommodate more than one bather.

TFFSB1

RRP £1599

1800mm x 850mm

Includes Chrome Waste *Taps and wastes see page 41*

K2H2O WATER FILTER KIT

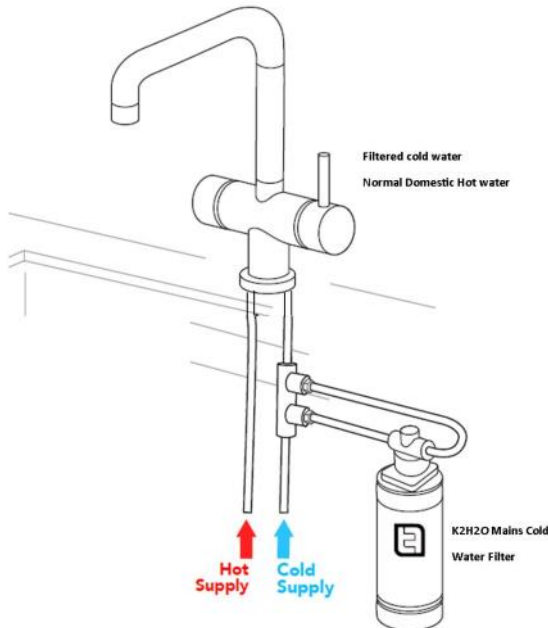

JOIN OUR WAR ON PLASTIC

There are over 13 billion plastic water bottles used in the UK every year. Over 50% never get recycled, they are just discarded and most end up in our oceans.

Installing The Tap Factory's K2H2O water filter will convert any cold tap simply and easily into clean, healthy, and delicious filtered drinking water on demand. By using a reusable ,BPA Free, drinking bottle you can help to save the environment and guard your family's health

“ Give your body the water it deserves”

Removes chlorine

Reduces lime scale

Improves odour

Improves taste

Stops 10 micron bead

Removes organic matter

Removes heavy metals

Bottle Quality Water On Tap

TFK2FILKIT

RRP £99

Sits neatly inside any cupboard and attaches to the cold water feed. A simple 4 step installation process with fittings provided. Bathroom or kitchen YOU CHOOSE!
