K2H2O WATER FILTER KIT

JOIN OUR WAR ON PLASTIC

There are over 13 billion plastic water bottles used in the UK every year. Over 50% never get recycled, they are just discarded and most end up in our oceans.

Installing The Tap Factory's K2H2O water filter will convert any cold tap simply and easily into clean, healthy, and delicious filtered drinking water on demand. By using a reusable ,BPA Free, drinking bottle you can help to save the environment and guard your family's health

“ Give your body the water it deserves”

Removes chlorine

Reduces lime scale

Improves odour

Improves taste

Stops 10 micron bead

Removes organic matter

Removes heavy metals

Bottle Quality Water On Tap

TFK2FILKIT

RRP £119

Sits neatly inside any cupboard and attaches to the cold water feed. A simple 4 step installation process with fittings provided. Bathroom or kitchen YOU CHOOSE!

Vibrance Kitchen Collection 

Denotes products finished and assembled in the UK

About Us

Sourcing

At The Tap Factory, we travel the world sourcing the best quality products, and partnering with world class manufacturers to innovate and bring you Intoxicating products and designs. We believe that value and design should not be separated and can be best achieved by knowing your market. Our Team has over 40 years experience that helps us to deliver this objective.

Stocking

Stock is an essential part of our offering and service.

We endeavour to hold all items in stock at all times. We understand the short lead times and demands that our clients require and so we make every effort to fulfil those requirements through generous stock holding by ourselves and the distributor.

Design

Design is probably the most important part of completing any kitchen concept.

At The Tap Factory we not only source great products but we work hard to create unique products with our partner factories to ensure you can have cutting edge designs with a splash of colour .

Bespoke Plating

Some of our products are assembled and Finished, *here in the UK*. We purchase high quality parts and then re colour some elements to create uniquely designed taps, handles and radiators.

We use durable powder coating and PVD procedures along side fine detailed electroplating processes to create these beautiful Vibrant coloured finishes.

Our Guarantee

Our guarantee covers all of our products and covers any defects relating to manufacture. Warranty is product specific and ranges from 1-10 years

It is important that you **do not** clean products with solvent based cleaners as this could attack the fabric of the products. Our guarantee is non transferable and does not cover damage incurred through misuse or erroneous installation .

Special finishes: Vanto Black, Copper , Brass and Nickel plating carry a 1 year warranty on the finish and cartridges, 5 years on the structure. A complete copy of our guarantee can be obtained on request. VANTO BLACK

Twist 4 in 1 Hot Tap

If you are looking for a black 4 way kitchen tap, then look no further! The K2H2O water filter combined with our matt black instant boiling water tap set delivers instant boiling water as well as filtered cold drinking water. Our Vanto 4 in 1 tap is more efficient than the 3 in 1 hot water taps available, you can choose when you engage your K2H2O carbon filter at the flick of a switch. The Tap Factory instant hot water tank heats your water to a maximum of 98 degrees Celsius and can be adjusted down to 75 degrees Celsius if you wish.

“Why Activated Carbon Filters ? “

Removal Capabilities

Specifications

Housing Construction : FDA Polypropylene with 10% talc

Filter Media : Carbon Wrap with Phosphate Bead

Capacity : 30,000 litres

Max-Min Bar Pressure : 1—8.5 Bar or 120 psi

Micron Rating : 5 Micron

Flow Rate : 5 Litres per minute

Chlorine Reduction : 80% reduction @ 2ppm over 30,000 litres

Scale Reduction : Using 3.5gm Phosphate Bead to NSF42 Std

Dimensions : 220 W x 220D x 600mm H

K2H2O WATER FILTER KIT

JOIN OUR WAR ON PLASTIC

There are over 13 billion plastic water bottles used in the UK every year. Over 50% never get recycled, they are just discarded and most end up in our oceans.

Installing The Tap Factory's K2H2O water filter will convert any cold tap simply and easily into clean, healthy, and delicious filtered drinking water on demand. By using a reusable ,BPA Free, drinking bottle you can help to save the environment and guard your family's health

“ Give your body the water it deserves”

Removes chlorine

Reduces lime scale

Improves odour

Improves taste

Stops 10 micron bead

Removes organic matter

Removes heavy metals

Bottle Quality Water On Tap

TFK2FILKIT

RRP £119

Sits neatly inside any cupboard and attaches to the cold water feed. A simple 4 step installation process with fittings provided. Bathroom or kitchen YOU CHOOSE!
